OUR BELOVED SANAT KUMARA

Sanat Kumara, Regent Lord and King,
To Thy great Presence praises now we sing -
Offering our gifts of humble service true,
Reverence and gratitude to God for You.

Thou art God's Glory, Majesty and Grace;
Thy patient care long held for Earth her place;
All through the ages that have gone before,
Thy Love has been for Earth an Open Door.

Held in Thy Light; sustained by Thy great Power;
And in Thy Wisdom guided every hour;
We feel Thy Peace in Love's own God-control
As Thy great Wings of Love our worlds enfold.

Glory and Honor unto Thee belong;
Let all adore Thee now in grateful song;
As all that live upon this planet raise
Heart, soul and spirit to Thy Name in praise.

Great Central Sun, Thy Gifts of Love we call
For our dear Friend of Light and Lord of all;
And for dear Venus, Goddess from the Sun;
Bless Their dear planet and all life thereon.

Beloved children seeking to be comforted, and in turn, to comfort life, I present to you the words of the Beloved El Morya -- He whose very Nature is to make the unascended being want to do God's Will. Accept His gift of radiation and His Faith in the goodness of that Divine Will for you and yours.

Love and Blessings,

MAHA CHOHAN

ADDRESS OF THE BELOVED MASTER EL MORYA GIVEN ON TRANSMISSION NIGHT, December 15, 1956

Beloved friends of Light gathered together again at this Holy Christmas Season, to you I bring the Gratitude of the entire Spiritual Hierarchy on behalf of your individual and collective endeavors to hasten the progress and evolution of the planet Earth in its Solar System.

As you have been told recently, the Earth is emitting three times more Light at this season than it was one year ago. This makes it possible for Our gracious Regent, Sanat Kumara, to take His departure for Venus on New Year's Eve and stay for a longer time with His blessed Star - preparing, in turn, its peoples, its radiation, and its atmosphere for the step in the evolution of that planet into a greater radiation of the Sun.

Our leaving Shamballa this time was tinged with a little nostalgia as you can well imagine, for so long have We come to Shamballa, and so long have We found Sanat Kumara, Our gracious Host, Our ever-present Counsellor, Teacher, Guru and Friend. We particularly enjoyed the association with Him during the thirty-day period while We were within the radiation of Shamballa, and took every possible advantage of securing as much of His counsel and assistance as We could. The Presence of Our Blessed Sanat Kumara will always be felt as an actual radiation and an actual luminous imprint, you might say, upon the ethers at Shamballa where He talked with Us; walked with Us; where He has shown Us, each individually and as collective units representing the Seven Rays, how We might best assist the mankind We have chosen to serve.

Moving from Shamballa to the Great Teton on the fifteenth, of course, has not given Us a great deal of time to get settled in the Teton itself. Many of the Masters and the Angelic Host began leaving Shamballa yesterday, and some only today. Therefore, when They reached the Great Teton, though the Transmission Flame Class will be held in the central Council Chamber with the seven chambers opened around it, the actual assignments (by the Keeper of the Scrolls) for the various members of the Hierarchy, to the council rooms, will probably not take place until tomorrow morning, at which time We will go about the process of giving Our Scrolls to the Angel Keeper - Our petitions, patterns and plans that We have designed for 1957. Then We shall meet with others of the Ascended Host and many of you from the unascended realm who are interested in Ascended Master Service, and We shall endeavor to prepare

the most efficacious petitions to present to the Karmic Board. If the radiation around the Earth has been increased three times since last New Year (1956), I have made for Our Goal that it shall have increased nine times by the end of 1957 -- that is, the three rings that look like the corona around your Moon shall be nine rings of Light by the end of 1957. That should easily be possible as the great Spirits of Truth and Purity are to be so prominent in the activities of the coming year. Let Me say, beloved ones, that the opening of the Teton this year is a magnificent sight. Many of you, of course, are well acquainted with it; some of you have visited it in your physical bodies; all of you have visited it in your inner bodies. The radiation starting from Alpha and Omega, the Central Sun of the System, pouring down through the lesser suns, is like a mighty searchlight, and it is anchored, not only over the Teton, but it is like a canopy which covers the entire North American continent. That directed radiation forms, as We have told you, a spiritual highway; it is builded the same as your engineers build a wonderful highway over which your automobiles travel. The directed Ray from the Central Sun of this System, which is focused and anchored through the Tetons at this time, is such a tremendous concentrated projected current of energy that Angels and Seraphim, Cherubim, Cosmic Beings, Masters, and all belonging to the entire galaxy up to Alpha and Omega themselves may safely enter that highway and come into the atmosphere of this Earth.

Sometimes you question how it could be that an Angel or a Seraphim could be anything but safe. Well, of course They are completely safe within the orbit of the planets or the planetary system

to which They belong, but in the development of an Angel, a Seraphim, or a Cherubim, the development of the energy within that one determines how much pressure of Light He can magnetize, radiate and sustain. Just as your divers' suits are provided to protect divers that descend beneath the surface of the sea, a particular intensity of Light acts as a protecting radiation around a solar system, around the planetary system, and so on and so forth, and forms a cushion, you might say, to the radiation of the evolutions that belong to that particular system.

Now if one gets out into the Cosmos, outside of the radiation to which that one is accustomed, or beyond where his pressure of development has allowed, he may find that the cosmic radiation is more powerful in its centripetal force than the power which the Immortal Flame of God has developed in its centripetal force to sustain him. Those Beings, although They are wholly pure and perfect, are swept just like driftwood into other systems or galaxies unless there is provided for Them a safe measure and a safe passage by which They may be sent.

I do not think that mankind of Earth realize how much goes into the provision of an atmosphere of safety even so far as the physical body is concerned; or how much the Directors of the Forces of the Elements have consulted with the Beloved Maha Chohan and Beloved Virgo and Helios in order to have a certain consistency of air, a certain buoyancy and density of the substance of Earth, to hold the increasingly condensed physical forms; the Water Element providing substance for purification, and the great Spirit of the Fire Element and its Salamanders who guard and protect the

radiation from the Sun so that there is just enough light to give warmth and fecundation to the substance of Earth, and illumination to the peoples of Earth, but not more pressure of energy that it can handle.

It is exactly the same in Our endeavors to reach through the veil to mankind. We have to create an atmosphere. Now, to create that atmosphere, We are working with unascended beings. Therefore, it is always easier when We have a certain group who are, more or less, trained along the same lines of vibration. Your energy, your physical, etheric, mental, and emotional bodies are vibrating more or less at the same rate through proximity one with the other, and We, then, have to test that atmosphere which is created by each and every one through communal service and through personal application even while one is in the privacy of his own room. We test that atmosphere before bringing a radiation or a specific gift from the Realms of Love and Light to you. To do this you know that there may not be more than a certain pressure of energy entering into your world for you to handle. The vibratory action of your individual and collective bodies will always determine the radiation and the specific outpouring of any Celestial Visitor who comes into your midst.

Therefore, We are very grateful indeed when you choose, individually and collectively, to make personal application and to create an atmosphere which can magnetize as much as possible of the vibratory action of the Ascended Master Realm, the Angelic Realm, and then through the power of your own radiation, Our blessing pours out through the lower atmosphere. You are

conductors that bring Our radiation into the atmosphere of Earth and touches every person - their physical, etheric, mental and emotional bodies.

Sometimes these classes are not fully understood because, although few words are spoken, and the outer mind is entertained for a short time, there does not always seem to be sufficient progress in the individual's world. Let Me tell you to be of good cheer for We are using you as open doors through whom We are directing certain positive statements and affirmations of Truth and fact which will find anchorage in the outer minds and consciousnesses of receptive men and women and children all over the planet. There is no time when a group of individuals gather together in God's Name, when the Ascended Ones address them, that there are not specific Angels who carry that radiation and direct it with the speed of an arrow, into the emotional, mental, etheric and physical worlds of all upon the planet and all who belong to its evolution, whether they are disembodied, whether they are at the gates of birth, or whether they are presently wearing physical garments.

Your beloved Cherubim who have served you so well return Home tonight into the Heart of the Sun. They will go dressed in the magnificence and splendor in which you have so carefully and thoughtfully prepared Them, and They will show what association between Cherubic Beings and unascended beings can manifest. They will carry your gifts to the Hearts of the Beings to whom you have sent Them, and They will return to you on Christmas Eve - bringing great love and much greater Light, and will remain with you again for another year. Each and every one of Them has

grown to love you far more than you have loved Them, and the proof of that is in the growth, development and maturity of those Beings. I do not know if you realize that in the maturity of those Beings there is also a certain maturity of your own inner selves, emotionally and mentally, because the Beings that live in your atmosphere grow in strength and Light through proximity; and you, in like manner, grow and develop with Them.

Turning back to the description of the great and magnificent Teton, for the Karmic Board, we have the beautiful pink carved chairs again - still honoring the pink Ray which, of course, will be superceded in favor of the Spirit of Truth and the Spirit of Purity for 1957. The Beloved Lanto has chosen to keep the Pink Ray in action - particularly now through the whole year and it has not yet been decided whether They will change the chairs at New Year's or whether They will keep the same magnificent color as were described to you in July. The Karmic Board does not assemble until about the 27th of December, but the Beloved Portia has chosen to come tonight - taking the central chair in honor and recognition of the Transmission of the Flame around the Earth.

Descending into the mountain itself, you will remember that the central chamber has a beautiful Altar. That Altar is created in circular form, and around it are the friezes made in the form and design of the various steps in the evolution of mankind. Around the top is a golden mesh curtain into which the Brothers and Sisters of the Teton weave the various colors of the Flame Flowers that the members of the Spiritual Hierarchy, the Ascended Host, and the various Angels choose to bring. Tonight They are using heather

at Beloved Leto's request. There is a specific reason for the interest of Our Beloved Leto in your progress and welfare at this time. She is endeavoring to help you to remember your visits, in consciousness, to the Retreats at night when you return in the morning. You will remember that, through the ages, that has been Her specific service to life - assisting people in exploring some of the inner realms while in the aura and radiation of an Ascended Being and under the protection of that Being while in the inner bodies. Beloved Leto has asked that you accept Her and think of Her daily as you visit the Teton or think of Her nightly before you retire - not with any sense of tension - not with any sense of trying to drive your consciousness, but just gently, thinking first of the Teton, the description of which you have had so many times and know so well, then thinking of the Beloved Leto and asking for Her assistance. You will find that it will be much easier to enter into the Heart of the magnificent Tetons and go into that central chamber where the Flame of Precipitation is upon the Altar and visit there, either in the central chamber or one of the Council Halls where you choose to offer your petitions, or join with one of Us who are presenting various petitions.

The curtains of the ante-chambers, as you have often been told, are of lovely fine gold mesh; and are drawn back and into the seven chambers where chelas and Beings representing the Seven Rays are abiding for the time being. At the front portion of each of the seven chambers are the Chohans who represent each Ray. In the Central Council Hall, Beloved Lanto presides. He stands on the green carpet which is the ring of flowers where the beautiful green Flame of Precipitation

glows. On His right side, We have the Beloved Pallas Athena, and on His left, the Beloved Astrea. They are beginning Their radiation a little ahead of time this year to bring the assistance which is required.

As the Transmission Flame is to flow around the world, please remember that the activity of the Royal Teton is the power of conscious precipitation! Think on that for just a moment as the Brothers and Sisters from the various Retreats, the Angels and Cosmic Visitors begin to enter and take Their places.

You are, each one, a precipitated Ray from God's Heart! It is the very nature of your being. You are not stagnant! There is no stopping of the flow of God Energy from the Universal First Cause (or by whatever Name you wish to call It) down into your heart and out into your world to its periphery, and then back again into your own beings, emotions, minds, etheric bodies and flesh until the circle has been completed. IT IS ALWAYS CONSTANT MOTION! If you could look at each other, as I am looking at you now, and see that precipitation of the electronic light as it flows from your "I AM" Presence through your Silver Cord, you would see the most exquisite colors, truly rainbow rays, flowing down into your heart, expanding the Immortal Three-fold Flame of God and then flowing out through you, and where (forgive Me) the colors are not always so beautiful - but from above down they are most beautiful and exquisite - representing the good of your Causal Bodies and the specific radiation of your Beloved "I AM" Presence and the radiation of whatever Ascended Master is endeavoring to use you as His or Her chela.

Therefore, why does precipitation seem so difficult to comprehend with the outer consciousness, when each and every one of you, and Myself, every Angel, every Being, is a precipitating ray from the Universal First Cause. So - will you think, during this thirty-day period, of that power of precipitation as being yourself? YOU ARE THE PRECIPITATION POWER! As I speak to you, I am precipitating light, forming it into words, directing those words with all the energy and conviction of My full-gathered cosmic momentum of Faith into your life. What happens? According to the amount of resistance around you, or the amount of receptivity, does that energy which I direct either enter into your worlds or bounce off you as you have seen hail-stones bounce off a window-pane or the windshield of your automobile.

Now, beloved ones, We are used to having Our words 'bounce off'. That has happened to Us for a long, long time - ever since the inception of the Theosophical Order and Our endeavors to convince mankind of Our reality. We have had a good deal of experience with that! Now there is less and less of that condition, and, thank God, there is more and more acceptance of the possibility that there are Intelligences in the universe who have completed Their mission on Earth, and have the capacity to help and assist others who wish to attain like Mastery. You know, it was a difficult thing when mankind were so prone to limit their acceptance to just the one Beloved Master (Our Blessed Jesus) and the breaking through of prejudices so that other Beings could be accepted has taken the strength of many stalwart souls.

Now there comes in the West a greater and greater realization that We do exist in fact.

There shall come a day when We shall stand forth, visible and tangible to you; then your conviction will be strong enough to convince others who will not have earned the right to those 'privy councils'.

Above the great Tetons, beloved ones, the form of the amphitheatre that has been created by the Builders of Form is in the shape of the North American continent. They have taken in Alaska, Newfoundland and Greenland - down into Mexico and the Florida Peninsula. They have divided this amphitheatre into the seven groupings representative of the seven colors of the Rays. Into this great amphitheatre are coming those for whom you have been calling who are to embody after having been released from centuries in the Compound; and many, many more are coming from the Ascension Temples -- those of your own loved ones that have passed on through the change and who are now preparing for their own Ascension. The Sleepers' Realm is well represented, and I think that by the end of the year, they will not require more than about three months in the Sleepers' Realm, rather than the longer periods of time that they had to spend heretofore.

The Archangels have chosen to stand, as the Chohans are doing, each in one of the seven sections of the amphitheatre above the Teton. The Beloved Lady Master, Leto, is with Me tonight, and it is Her desire to touch the Flame in your hearts and to give you that feeling of freedom from the bondage of flesh. Just as you are seated for a moment, or as you read this, feel Her as She walks among you touching the Flame in your heart until that Flame becomes more powerful to you than the bondage of the flesh. I know those flesh bddées

are weary - when they have served long and hard - and Leto's radiation is one of great Joy and Light. It is Her service to help to relieve the burden of the physical vehicles. Relax physically now and just take that substance as She gives it to you. She is a very lovely golden-haired Lady who wears purple and has a small Crown of amethysts upon Her head. She is endeavoring to render this service for you during this thirty-day period (December 15th, 1956 to January 14, 1957). Thank you and good night.

Beloved Children on the Path:

Each lifestream proceeds through the universe upon a pathway of Light Energy which is emitted from the individual himself, and which determines, for the most part, the course of his journey and the nature of his experience. Therefore, although most men and women walk side by side, no two tread the same path because their consciousnesses are unfolding before and around them according to each one's own particular design of thought, feeling and activity. When We refer to the Masters and the Path, We come to a definite aspect of the Law.

The student or chela desiring to fulfill his God Destiny has enquired of Life, mentally and emotionally, as to its purpose and its goal. To him is revealed the Higher Way, and to him is given certain exercises of control and self-improvement, wherein the Path consciously released from his body may pattern itself as THE WAY. When an individual thus weaves, by his own energy, that Path of Light over which he will pass in the Way of the Master, he no longer follows an ever-winding by-road shooting hither and thither according to his every individual whim, but rather a straight and progressive Pathway of Light and Life which ultimately leads to the Goal of Freedom, Mastery and Perfection.

The PATH lies within every man, and his nature is determined by the consciousness. When the student is determined to stop this human circling,
